Introduction:

This is JC Printing Company's most complete font selection catalog. All of the fonts in this catalog are available to be used on most of our products. The fonts in this guide cannot be used with hot foil stamped items, embroidered items and there maybe other limitations depending on the item and font.

How to use this guide:

This catalog list our fonts in three columns per page. The actual font is shown on top in 16 point type, the font's name is listed below the example. Please note the name of the font you have chosen for your item when ordering. It may also be helpful for many items to list the page number(s) that you found your specific font on, to help us speed up our search when confirming your selection.

Other Fonts:

If you have a specific font that is your own, we will gladly use your supplied font. If you still cannot find a certain font that you are looking for in our catalog then we highly encourage you to search online for the font that you are looking for and download the font and send it to us to use on your product.
